**\*A sample of the California State Standards that are addressed in the  
World Explorer Program:**

- Knowledge of the 7 continents and oceans, and ability to locate them on a map.
- Naming the directions, and being able to use a compass rose.
- Use of time lines to represent past and present.
- Creating artwork based on observation of actual objects.
- Viewing and describing art from other cultures.
- Identifying and discussing how art is used in events and celebrations in various cultures.
